

iSolved provides a unified solution for all your human capital management (HCM) needs. It starts with its robust payroll foundation, with anytime, anywhere access that simplifies everyday tasks and provides valuable insights into your business.

You can build on the foundation of Payroll with any or all of the additional core modules: Human Resources, Benefits, or Time.

One solution that does it all!

Payroll: Preview your payroll with ease. Produce off-cycle checks, handle garnishments and manage your payroll tax filings – anywhere, anytime. Includes the iSolved GO mobile app, which is specifically tailored for the iSolved product suite.

HR: Completely manage all aspects of your workforce with a single data source. This gives you an unprecedented view of your employees and saves you from the need to import data multiple times or import and export from multiple systems. The HR module also makes it easy to track training, awards, education, company assets, and disciplinary offenses, all within a single system.

Benefits: Increase employee engagement and make your next open enrollment a breeze. Includes tracking features to keep employees aware of submission deadlines, ensuring your timelines are met.

Time: Robust time and attendance features allow you to collect, manage, and process employee time. Manages scheduling, premium time, meal breaks, overtime, comp time and more.

Augment your iSolved platform with value-added bundles, each packed with features designed to improve the way you manage your workforce.

iSOLVED HIRE

Expand and improve your hiring processes, while connecting your new employees in an engaging and positive way. iSolved Hire is a robust recruiting, hiring, and onboarding module available in the iSolved platform.

ENGAGE

Building a rewarding and collaborative culture drives your company's success. Adding the Engage bundle provides tools for feedback, goals, recognition and social learning.

LEARNING MANAGEMENT

iSolved comes with a base learning management system (LMS), called iSolved University. This LMS has dozens of courses to help you and your employees learn how to master iSolved. With the Learning Management bundle, you can extend the University with your own Classroom where you can upload your own content, create your own tests and modernize your corporate learning. In addition, you can access a library of 150 business and compliance courses.

EXPENSE MANAGEMENT

The Expense Management bundle is COMING SOON! This robust add-on will simplify expense tracking and management across your entire organization. It integrates with iSolved and offers reporting, categorization, submissions, and filtering of expenses. Approval flows get requests in front of the right people, instantly. No more paper receipts or bottlenecks, with employees waiting on reimbursements.

PREMIUM REPORTING

iSolved comes equipped with dozens of insightful reports, but adding the Premium Reporting bundle will give you the ability to configure your own reports and run data analytics across your company.

DATA INTEGRATION

Integrating with third party vendors for 401k and benefit carriers saves human resources and payroll departments time. The Data integration bundle provides up to three connections.

DATA & AUDIT

Transfer and balance historical pay information, along with detailed error-resolution services.

COMPLIANCE

Includes everything you need to remain compliant with the ever-changing tangle of regulations and legal requirements, including tools to keep your business in compliance with the ACA.

MANAGED BENEFIT SERVICES

Managing benefits is complex and time-consuming, but with the Managed Benefit Services bundle, it's easier than ever to stay compliant while giving employees the benefits they want and need. You'll have access to COBRA management, flexible spending accounts, health savings accounts, health reimbursement arrangements, and transportation/parking plans, all delivered by a company with over 30 years of experience in the benefits industry.

It's easy to add core features or bundles as your business grows or changes, ensuring the perfect fit for years to come.

Create the perfect DTSS platform for your company and transform the way you manage your most important asset - *your people.*
