

Trust Our Expert Team!

You are an expert in dentistry. We are experts in staffing. With over 150 years of dental and human resources experience, we have the skills, tools, and experience to get you the right candidate right now.

Dental Temp Staffing Solutions frees dentist's time and saves money by providing temporary staffing, payroll, and credit card processing at a fraction of the cost. Through our easy to use system, we give dental hygienists, dental assistants, floaters, front desk workers, dental lab technicians, and dentists rapid access to what jobs are available around them without any of the hassle.

We are passionate about redefining how human capital management and staffing services are provided to the dental industry and is currently developing the world's first industry specific Dynamic Workforce Solution.

Dental Temps Staffing Solutions is breaking the mold of today's staffing environment, developing multiple value added services, to manage, streamline, and lean out costly labor intensive processes.

With DTSS, you can focus on your clients and leave the staffing to us.

Dental Workforce Solutions
You do dentistry. We do talent.
Let us drive your success.

Don't Let Staffing Get In The Way of Great Dentistry!

Staff call-outs, leaves of absences and Covid-19 concerns make it more difficult than ever to staff your business. With appointments scheduled back-to-back, you could lose an entire day's revenue if a dental assistant or hygienist calls out sick. You simply cannot afford last minute cancellations.

To be successful, you need access to available, qualified candidates on demand.

DTSS is the leading provider of staffing solutions to the dental industry.

With over 100 years of combined experience in dentistry and human resources, we know how to find qualified dental staff on demand.

We conduct extensive screening and vetting to provide you with experienced, high quality temporary staff who will fit seamlessly into your workflow.

Through our proprietary software, you can place an order and have a temporary employee assigned in five minutes or less. It's just that simple.

With DTSS, you can focus on your clients

Dental Workforce Solutions

Three Great Ways To Work With Us!

Temp Labor

Are call-outs costing you clients?

With appointments scheduled back-to-back, you could lose an entire day's revenue if a dental assistant or hygienist calls out sick. You simply cannot afford last minute cancellations. To be successful, you need access to available, qualified candidates on demand.

We have experienced, reliable temporary staff to fill the gap.

- Experienced staff on demand
- Seamless integration into your practice
- No 1099 or employment responsibilities
- We take the hassle out of temporary placements. We know how to find qualified dental staff on demand.
- Unlike referral services, when we send you talent, we are the employer of record.
- We are responsible for payroll, workers comp, SUTA, FUTA, FICA, unemployment, and all other burdens.
- We have our proprietary software where you can place an order and have a temporary employee assigned in five minutes or less.

Direct Placement

Can't find talent? Don't waste weeks, or months, trying to find staff. We are experts in recruitment and will find you high quality full time staff.

Direct Placement

Through our direct placement offering, we are your outsourced recruiter. We work closely with you to understand your staffing need, develop the job description, post, screen and recommend candidates to you. And we back our placements with a guarantee.

Temp-to-Perm

With our "try-before you buy" solution, we will find a candidate that fits your needs and send them to you on a temporary basis. If the fit is good, you can hire them for an agreed upon fee. If not, we will find you a replacement for you at no charge.

You do dentistry. We do talent. Let us drive your success.

Workforce Management

HR, payroll, and benefits headaches?

Managing employees is ever more complex and dealing with payroll, unemployment claims and benefits administration can take your eye off the ball.

Through our Workforce Management Solutions (WMS) option, we become your silent partner, allowing you to outsource your human resource functions, share employment liability, and, oftentimes, gain economies of scale to bring an improved benefits package to your employees.

We provide a suite of integrated services and a tailored HR solution to effectively manage your critical human resource responsibilities and employer risks. We deliver these services by establishing and maintaining an employer relationship with your employees and by contractually assuming your responsibilities and risk.

- Manage payroll and benefits
- HR consulting
- Employment taxes, unemployment, and compliance
